Fame for Fitness

The Florida Sports Hall of Fame has broadened its mission in not only properly recognizing and honoring Florida's greatest sports figures, but in using the collective acclaim of the honored inductees to promote fitness awareness and activities among our state's youth as well as adults. The physical condition of our nation's youth is of growing concern and with increasing health care costs there is powerful evidence that the physically active children and adults will lead healthier lives and suffer fewer physical ailments. **Fame for Fitness** is our new motto and who best to promote physical fitness statewide than those who have excelled in the world of sports. We are excited about our broader vision and hope that you will join us at the Florida Sports Hall of Fame to help make a positive difference in the physical fitness of our state's youth and adults.
