International Symposium on Endovascular Therapy
We invite you to experience the next generation of endovascular education at ISET 2005

Over the past 17 years, ISET has evolved to become the international medical community’s premier endovascular therapy meeting. ISET is the forum for the presentation of new technology and innovation in the ever-changing field of endovascular medicine.

Spending five days in Miami Beach in January 2005 will change the way you practice medicine.

ISET Special Symposia - Sunday, January 16

Hot Topics in Interventional Cardiology
Course Director: Ramon Quesada, M.D.
This comprehensive update in Interventional Cardiology will supply you with everything you need to know to bring your practice skills up to date, in just one day. Program content will encompass the most controversial topics in interventional cardiology and will be supplemented by riveting live case demonstrations and panel discussions. For program details, see page 9.

Noninvasive Diagnosis of Endovascular Disease
Course Director: James F. Benenati, M.D.
Noninvasive diagnosis of endovascular disease continues to evolve, enhancing the diagnosis and treatment process. This one-day program will cover all the newest techniques, including venous and carotid imaging, and will be of importance to radiologists, vascular surgeons, neurologists, and technologists. Readers in ICAVL-accredited laboratories will receive valuable education from this program. For program details, see page 9.

ISET General Session

Monday, January 17-Thursday, January 20

The ISET General Session will cover the most important topics in endovascular medicine, presented by a multidisciplinary faculty of world-renowned experts. Physicians involved in the endovascular treatment of vascular disease will benefit from the unmatched program content that ISET offers, including updates on peripheral intervention and thrombolytic therapy, the latest on new devices such as carotid stenting, and the future of drug-eluting stents in the periphery.
For program details, see pages 10 through 11.

Unique Educational Features of ISET

Advanced Case Study/Small Group Technique Sessions
Expert faculty will lead small group technique sessions, creating continuity between live cases and lectures presented in the general session and facilitating discussion of individual cases in a more intimate setting.

Poster Session
Investigators will share their current research through submitted, peer-reviewed posters, which will be displayed in a designated area throughout the meeting. Attendees will be able to meet the researchers during the ISET Poster Session.

Innovators’ Forum
The second ISET Innovators’ Forum will provide attendees with the opportunity to attend a showcase of the newest technology that is currently under development, which may have an impact on patient care in the years to come. In 2004, 11 new products were presented to a large audience and reviewed by a panel of renowned experts.
Limited Concurrent Sessions
ISET attendees will be able to broaden their training by choosing among a limited number of concurrent sessions, providing more in-depth coverage of some of today’s evolving therapies.

The Largest Exhibit Hall Dedicated Solely to Endovascular Medicine
Over 70 companies, major manufacturers and start-up companies will be exhibiting in the ISET exhibit hall. Attendees will be able to see and handle all of the newest products on the market as well as those under development - the next generation of endovascular therapy. Industry representatives attend ISET as much to learn about the future as to meet with physicians.

Educational Methods

Live Case Demonstrations
Live case demonstrations of the newest techniques in endovascular therapy will be broadcast from Baptist Cardiac & Vascular Institute and sites around the world to provide audience members with real-time education in a highly interactive setting.

First-time Trial and Study Results
Current results from new and ongoing U.S. and European trials for new advances in the treatment of cardiovascular disease will be presented throughout the ISET meeting.

ISET Reading Room
ISET is the only meeting offering participants the opportunity to review fluoroscopic images of the live cases immediately following their conclusion using the latest in PAX technology. You will be able to conduct your own Q & A of live ISET cases with your colleagues in the comfortable setting of the ISET Reading Room.
The recent approval of carotid artery stents has opened a new arena for the endovascular therapist. This free-standing seminar will feature comprehensive coverage of the principal findings in the diagnosis and treatment of carotid artery disease. The leading researchers in carotid stenting will present their findings in the areas of diagnosis, patient selection, device selection, implementation and follow-up. This seminar will provide attendees with 12 hours of medical education specific to carotid stenting. Attending the Carotid Stent Training at ISET seminar in conjunction with ISET will meet the maximum multi-society recommendation for carotid stent training.

This two-day seminar will feature lectures, case reviews and panel discussions. It will also fulfill the minimum medical education requirements to prepare the physician for specific device training. Physicians attending both ISET and Carotid Stent Training at ISET will receive a discounted registration fee.

Registration is limited to 100 physicians.

Who Should Attend?
This seminar is designed for interventional radiologists, interventional cardiologists and vascular surgeons involved in endovascular therapy and planning to include carotid stenting in their practice.

Fees
Physicians $1,000

Receive a discounted fee by attending both ISET and Carotid Stent Training at ISET.

Course Director
Barry T. Katzen, M.D.

Invited Faculty
Gary Ansel, M.D.
Buddy Connors, M.D.
L. Nelson Hopkins, M.D.
Michael Jaff, D.O.
Karen Johnston, M.D.
Klaus Mathias, M.D.
Kenneth Ouriel, M.D.
Rodney Raabe, M.D.
Gary Roubin, M.D.

Questions?
11440 N. Kendall Drive
Suite 306
Miami, FL 33176
PH: 305-279-2263
Toll Free: 888-334-7495
Fax: 305-279-8221

Register on the enclosed registration form or online at www.ISET.org.

January 14-15, 2005
Fontainebleau Hilton Resort
Miami Beach, Florida

This meeting will take place prior to ISET 2005.
**Saturday, January 15**

**ISET Pre-registration**
4:00 - 7:00 p.m.
The ISET registration desk, located in the Grand Gallerie of the Fontainebleau Hilton, will be open for attendees to pick up badges and course materials.

**Sunday, January 16**

**ISET Registration/Continental Breakfast**
7:00 a.m.
The ISET registration desk, located in the Grand Gallerie of the Fontainebleau Hilton, will be open for attendees to pick up badges and course materials.

**ISET Featured One-day Concurrent Symposia**
8:00 a.m. - 5:00 p.m.

**ISET participants are invited to attend one of the two symposia offered:**

**Hot Topics in Interventional Cardiology**
Course Director: Ramon Quesada, M.D.
This outstanding one-day symposium will feature lectures, panels and live case demonstrations. The program will focus on the most up-to-date and controversial topics in cardiac intervention and feature a faculty of the most prominent names in the field.

**Symposium on Noninvasive Vascular Diagnosis**
Course Director: James F. Benenati, M.D.
This well-known annual symposium features comprehensive coverage of the most current issues and developments in the noninvasive diagnosis of vascular disease, and will take place in the Fontaine/Fleur de Lis room. This portion of ISET provides eight hours of ICAVL CME education for readers in ICAVL-accredited laboratories.

**Innovators’ Forum**
7:00 p.m.
Panelists: John Abele, William Harrington, M.D., Barry T. Katzen, M.D., Lindsay Machan, M.D., Julio Palmaz, M.D., Juan Carlos Parodi, M.D.

The second ISET Innovators’ Forum will consist of a series of presentations to be delivered during a special evening session and is designed to allow for the exposure of new inventions at all stages of development. These presentations will address relevant details such as: scope of the problem/unmet clinical need, unique aspects of the technology, potential market size, outline of the technology, applications of the technology, and competition. The presentations will be followed by a question-and-answer period among panelists and presenters. Refreshments will be served.

*Supported by: Edwards Lifesciences*
Monday, January 17

Monday Morning Industry Education Sessions
6:30 - 7:30 a.m.

ISET General Session
8:00 a.m. - 5:30 p.m.

Fourth ISET Distinguished Career Award

Josef Rösch, M.D.
This award recognizes the distinguished careers and achievements of visionaries in endovascular medicine. This year we are pleased to recognize Dr. Josef Rösch, professor and director of research at the Dotter Interventional Institute of Oregon Health and Science University in Portland, Oregon. Dr. Rösch’s research has covered a wide range of vascular and interventional radiology, including development of the TIPS technique and introduction of embolization treatment of GI hemorrhage. Dr. Rösch, a native of the Czech Republic, has worked tirelessly to further the development of endovascular therapy through research, as well as his educational endeavors at both the Dotter Institute and in his homeland.

Exhibit Hall Grand Opening and Welcome Reception Featuring Dr. Robert Ballard, Discoverer of the RMS Titanic
6:00 - 10:00 p.m.
Journey to the ocean’s depths with Dr. Robert Ballard, best known for his 1985 discovery of the Titanic. His awe-inspiring multimedia presentation takes you to a high-tech underwater world, where advanced mapping and imaging systems and underwater robotics bring history to life. Dr. Ballard’s most recent discoveries include the Mediterranean Sea finds of sunken remains of ships along ancient trade routes (1997): two Phoenician ships off the coast of Israel, the oldest shipwrecks ever found in deep water (1999); and four 1,500-year-old wooden ships - one almost perfectly preserved - in the Black Sea (2000). A graduate of the University of Rhode Island’s Graduate School of Oceanography, Dr. Ballard earned a Ph.D. in marine geology and geophysics. He is currently on faculty there and is Explorer-in-Residence for the National Geographic Society.

The evening begins in the Exhibit Hall with live music, delicious food and a festive atmosphere to celebrate the start of 2005’s Next Generation of Endovascular Education. Registered attendees and their guests are invited.

Tuesday, January 18

Technique Workshops
7:00 - 7:45 a.m.

ISET General Session
7:00 a.m. - 6:00 p.m.
Ninth Annual Charles J. Tegtmeyer Lecture

Presenter: John Laird, M.D.
Dr. Laird is the director of peripheral vascular interventions at the Washington Cardiology Center in Washington, D.C. A graduate of the United States Military Academy at West Point, Dr. Laird received his medical degree from Albany Medical College, Albany, NY, in 1984. He is a leader in the field of peripheral vascular intervention and has published extensively on the subject. His research interests include new stents for peripheral vascular applications, laser recanalization of long femoral occlusions, radiation therapy for the prevention of restenosis, stent-grafts for the treatment of abdominal aortic aneurysms, gene therapy/therapeutic angiogenesis, and carotid artery intervention.

Supported by: Boston Scientific Corporation

ISET Poster Session
Poster sessions offer yet another opportunity for practitioners in the endovascular community to contribute to the development of endovascular therapy. ISET 2005 will showcase submitted, peer-reviewed posters from researchers around the world. The posters will be displayed in a designated area throughout the meeting and attendees will be able to meet the researchers during the ISET Poster Session. This is a unique opportunity to share, communicate and contribute recent advances in the development of endovascular therapy.

Wednesday, January 19

Morning Technique Workshops
7:00 - 7:45 a.m.

ISET General Session
8:00 a.m. - 6:00 p.m.

Fourth ISET Innovator Award

Juan C. Parodi, M.D.
This award is presented to individuals whose foresight and innovation have made a meaningful impact on the diagnosis and treatment of vascular disease by endovascular means. ISET is proud to present the Fourth ISET Innovator Award to Juan C. Parodi, M.D. In 1990, Dr. Parodi became the first physician in the world to treat a patient harboring an aneurysm endoluminally. He also developed a new method for cerebral protection during carotid stenting based upon reversal of flow. His areas of research interest include stroke treatment, carotid stenting and endoluminal treatment of aneurysms. Dr. Parodi’s current hospital affiliations include Barnes-Jewish Hospital and St. Louis Children’s Hospital in Missouri.

Supported by: AngioDynamics

Exhibit Hall Closes
4:00 p.m.

Thursday, January 20

Morning Technique Workshops
7:00 - 7:45 a.m.

ISET General Session
8:00 a.m. - 1:00 p.m.
ISET is proud to join forces with leading organizations in endovascular medicine from around the world, which continually contributes to the development of the next generation of endovascular therapy.

MIAMI BEACH, FLORIDA

We invite you to join us in beautiful Miami Beach, a first-rate destination bursting with attractions, water sports, nightlife and shopping. Enjoy the numerous festivities, cultural events, superb restaurants and nightclubs that await you in a place like no other.
Listed below is an abridged version of the ISET 2005 program. Be advised that the program continues to be in development and the most updated version can be viewed on our website - www.ISET.org.

**Sunday, January 16**

**Hot Topics in Interventional Cardiology**
8:00 a.m.-4:45 p.m.

**Session 1 - Acute Coronary Syndromes**
Speakers:
- Dr. Leon
- Dr. Stone

**Session 2 - Drug-eluting Stents**
Speakers:
- Dr. DeMarchena
- Dr. Grube
- Dr. Douglas
- Dr. Moses
- Dr. Edelman
- Dr. C. White

**Session 3 - Stroke Prevention and Structural Heart Therapy**
Speakers:
- Dr. Almagor
- Dr. Margolis
- Dr. Ramee
- Dr. Ziffer
- Dr. Grube
- Dr. Meese
- Dr. Sievert
- Dr. Waksman
- Dr. Leon
- Dr. Quesada
- Dr. Rholl
- Dr. Waksman

**Symposium on Noninvasive Vascular Diagnosis**
7:55 a.m.-4:30 p.m.

**Session 1 - Carotid Disease**
Speakers:
- Dr. Bandyk
- Dr. Comerota
- Dr. Bendick
- Mr. Hasan
- Dr. Bluth
- Dr. Pellerito

**Session 2 - Visceral Arterial Disease**
Speakers:
- Dr. Bluth
- Dr. Pellerito
- Dr. Rholl
- Dr. Labropoulos

**Session 3 - Peripheral Arterial Diagnosis**
Speakers:
- Dr. Bandyk
- Dr. Labropoulos
- Dr. Bendick
- Dr. Pellerito
- Dr. Jaff
- Dr. Rooke

**Session 4 - Venous Disease**
Speakers:
- Dr. Almeida
- Dr. Labropoulos
- Dr. Bandyk
- Dr. Rholl
- Dr. Bluth
- Dr. Rooke
Monday, January 17

ISET General Session
8:00 a.m.-5:20 p.m.

Session 1 - Technologies that Could Change Our Lives
Speakers:
Mr. Abele  Dr. Katzen  Dr. Machan
Dr. Edelman  Mr. Keeley  Dr. Palma
Dr. Hoffman  Dr. Leon  Dr. Yadav

Session 2 - Carotid Artery Therapy
Speakers:
Dr. Amor  Dr. Connors  Dr. Hopkins  Dr. Mathias  Dr. Perler  Dr. Roubin  Dr. Mark Wholey
Dr. Abrams  Dr. Diethrich  Dr. Jaff  Dr. Dureil  Dr. Ramei  Dr. Sievert  Dr. Michael Wholey
Dr. Comerota  Dr. Grube  Dr. Katzen  Dr. Parodi  Dr. Rossi  Dr. White

Tuesday, January 18

ISET General Session
8:00 a.m.-5:20 p.m.

Session 3 - Symposium on Aortoiliac Disease
Speakers:
Dr. Biamino  Dr. Jaff  Dr. Rundback
Dr. Dolmatch  Dr. Matsumoto  Dr. Uflacker
Dr. Feldman  Dr. Palmaz

Session 4 - Symposium on Infrainguinal Disease
Speakers:
Dr. Ansel  Dr. Chopra  Dr. Duda  Dr. Laird  Dr. Raazi
Dr. Biamino  Dr. Cynamon  Dr. Jaff  Dr. Mewissen  Dr. Schei
Dr. Bosiers  Dr. Das  Dr. Joye  Dr. Perler  Dr. S

Session 5 - Concurrent Sessions

Session 5A - Stroke Management
Speakers:
Dr. Connors  Dr. Parodi
Dr. Damski  Dr. Ramei
Dr. Hopkins

Session 5B - DVT and Clot Management
Speakers:
Dr. Comerota  Dr. Dureil  Dr. Thompson
Dr. Cynamon  Dr. Perler  Dr. Venu
Dr. Haskal  Dr. Razavi

Session 5C - Embolization
Speakers:
Dr. Cynamon  Dr. Mauro  Dr. Michael Wholey
Dr. Hoffman  Dr. Nemcik
Dr. Lammer  Dr. Venu
**Wednesday, January 19**

**ISET General Session**
8:00 a.m.-5:30 p.m.

**Session 6 - Symposium on Aortic Pathology**
Speakers:
- Ms. Abel, Dr. Filinger, Dr. Lammer, Dr. Makaroun, Dr. Parodi, Dr. Uflacker, Dr. Zemel
- Dr. Beebe, Dr. Greenberg, Dr. Lookstein, Dr. Matsumura, Dr. Powell, Dr. Veith, Dr. Williams

**Session 7 - Concurrent Sessions**

**Session 7A - Thoracic Aorta**
Speakers:
- Dr. Beebe, Dr. Diethrich, Dr. Williams
- Dr. Criado, Dr. Fairman
- Dr. Dake, Dr. Nienaber

**Session 7B - Management of Endoleaks**
Speakers:
- Dr. Lookstein, Dr. Ohki, Dr. Uflacker

**Session 7C - Dialysis Intervention**
Speakers:
- Dr. Bakal, Dr. Katzman, Dr. Trerotola
- Dr. Cynamon, Dr. Matsumoto
- Dr. Haskal, Dr. Siegel

**Thursday, January 20**

**ISET General Session**
8:00 a.m.-1:00 p.m.

**Session 8 - Renal and Visceral Intervention**
Speakers:
- Dr. Bakal, Dr. Nemcek, Dr. Razavi, Dr. Rundback, Dr. Sos, Dr. Trerotola, Dr. White

**Session 9 - Update on IVC Filters**
Speakers:
- Dr. Bakal, Dr. Haskal, Dr. Kaufman
- Dr. Smouse

**Session 10 - Uterine Fibroid Embolization**
Speakers:
- Dr. Machan, Dr. Richter, Dr. Smouse, Dr. Venbrux

**Session 11 - Therapy of Venous Disease**
Speakers:
- Dr. Almeida, Dr. Goldman
- Dr. Kabnick, Dr. Min

Learning Objectives

Upon completion of this course, the physician should be able to:

- Understand and apply the value of an integrated approach to the diagnosis and treatment of cardiac and vascular disease.
- Choose when and how to appropriately apply endovascular, percutaneous and surgical procedures in the treatment of vascular disease.
- Describe new developments and techniques that will impact performance, practice and patient care in the next decade.
- Apply the most recent developments in the diagnosis, medical management and treatment of cardiac and vascular disorders in order to make improved patient care decisions based on outcome and cost.

Who Should Attend?

This symposium is designed for interventional radiologists, interventional cardiologists, vascular surgeons, scientists, industry professionals and all practitioners involved in the diagnosis and treatment of vascular and cardiac disease.

Accreditation

Complete Conference Management is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Complete Conference Management designates this educational activity for a maximum of 40 category 1 credits toward the AMA Physicians Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

Other Associated Health Professionals

Non-physicians attending this meeting will receive a certificate of attendance, which can be submitted to their own professional organization for determination of credits.

Faculty Disclosure

All speakers have been asked to disclose any significant relationships they may have with commercial companies. These relationships will be disclosed at the time of the meeting.

Unlabeled and Unapproved Products and/or Procedures

Due to the nature of this meeting and of the current topics in endovascular medicine, we remind all attendees that some unlabeled and unapproved products and/or procedures will be presented and discussed. Unapproved products and/or procedures will be acknowledged by the course directors and speakers.
Acknowledgments

ISET 2005 salutes the following companies for their continued contribution to the development of the next generation of endovascular medicine.

**PARTNERS:**
- Abbott Laboratories
- AngioDynamics
- Boston Scientific
- Cook Incorporated
- Cordis, a Johnson & Johnson Company
- Edwards Lifesciences
- Gore & Associates
- Guidant Corporation
- Medtronic/AVE

**SUPPORTERS:**
- Bard Peripheral Vascular, Inc.
- Cool Touch, Inc.
- Genentech, Inc.
- Impella CardioSystems USA, Inc.
- Philips Medical Systems, N.A.
- Remon Medical Technologies Ltd.
- Stereotaxis, Inc.
- Terumo Medical Corporation
- Volcano Therapeutics, Inc.

**PARTICIPANTS:**
- AGA Medical Corporation
- Arrow International
- Atrium Medical Corp.
- B. Braun Medical
- Bard Peripheral Vascular, Inc.
- Boston Scientific
- Carolon Company
- Cook Incorporated
- Cool Touch, Inc.
- Datascope Corp.
- Diomed, Inc.
- Dornier MedTech America, Inc.
- Edwards Lifesciences
- EUROPCR - EUROPA Organisation
- ev3, Inc.
- Gore & Associates
- InterV
- Marine Polymer Technologies
- Medcomp
- Nuvelo, Inc.
- Orbus Medical Technologies
- Rubicon Medical
- SGS Medical Books
- Society of Interventional Radiology
- TeraRecon, Inc.
- Terumo Medical Corporation
- TZ Medical, Inc.
- Vascular Architects
- Vascular Solutions, Inc.
- VeinRx, Inc.
- Vital Images, Inc.
- VNUS Medical Technologies
- Volcano Therapeutics, Inc.

ISET 2005 would like to thank the entire staff of Baptist Cardiac & Vascular Institute for making ISET possible for the past 17 years.

Accommodations

HOTEL RESERVATIONS

Reservations must be received by December 13, 2004.
A limited number of rooms at special discounted rates are available at the Fontainebleau Hilton and other Miami Beach hotels for ISET 2005. It is recommended that hotel accommodations be made as soon as possible.

Reservations will be managed by the Greater Miami Convention and Visitors Bureau (GMCVB). To obtain the special ISET rates, reservations must be made online through the Housing Bureau or by using the official ISET Housing Request Form. Please note: Online reservations may be booked individually only. Cancellations and changes to reservations will be accepted in writing via mail or fax to the following:

ISET Housing Bureau
701 Brickell Avenue, Suite 2700
Miami, FL 33131
Phone: 305-539-2928 or 800-476-9969
Fax Number: 305-539-3106

Online Hotel Reservations

To make individual reservations, complete the ISET Housing Request Form or book online at www.ISET.org and use the password: ISET2005.

Individual Housing Policies:

- A deposit equal to one night’s hotel stay including tax is required to secure your reservation.
- Cancellations and changes to reservations will be accepted in writing by the Housing Bureau by mail or fax only.
- Deposits for cancelled rooms are refundable until Monday, December 13, 2004. After December 13, cancellations of room reservations forfeit the hotel deposit equal to one night’s stay.
- After December 13, changes and cancellations must be made by calling hotels directly.

Group Blocks of Six or More Rooms

To make reservations for blocks of six or more rooms, complete the official ISET Housing Request Form listing the group contact person and attach a group rooming list, including name, room type, credit card information and arrival and departure date for each room reservation. To secure each reservation within a group block, a nonrefundable deposit equal to one night of the hotel stay including tax is required. Cancellation of rooms within a block after submission of the housing form forfeits the deposit of one night’s room and tax.
Fontainebleau Hilton Resort (HEADQUARTER HOTEL)
4441 Collins Avenue, Miami Beach
Single: $220
Double: $230
The world-famous Fontainebleau Hilton will once again serve as headquarters for ISET. Situated on 20 tropical acres overlooking the Atlantic Ocean, the Fontainebleau offers guests a variety of recreational activities including a beautiful pool area and waterfall, state-of-the-art fitness center, windsurfing and parasailing. In addition to serene tropical surroundings, the Fontainebleau offers fun for families with "Cookie," a giant octopus water playland including a wading pool, river tube ride and 260-foot water slide. Restaurants and lounges offer an array of dining choices, and lavishly decorated guest rooms feature all of the amenities to help you enjoy this historic paradise. Check-in time is 3 p.m.

Best Western Beach Resort
4333 Collins Avenue, Miami Beach
Single: $125
Double: $125
This oceanfront hotel is located just 1 ½ blocks from the Fontainebleau Hilton and offers direct access to the famous Miami Beach Boardwalk. The Best Western features a beautiful, lush tropical garden and pool, beach access, and a full service restaurant and lounge. The Best Western has all the amenities you will need at an economical price. Check-in time is 3 p.m.

Courtyard Marriott Miami Beach Oceanfront
3925 Collins Avenue, Miami Beach
Single: $189
Double: $189
Originally known as the "Cadillac Hotel Miami Beach," this historic landmark has recently undergone a fantastic renovation while maintaining original architecture and design. The beautiful Courtyard Miami Beach Oceanfront opened its doors in January 2004, offering a host of spectacular amenities including complimentary in-room, high-speed internet service and complimentary services in the Business Lounge. Additionally, this hotel offers a stunning pool and tiki area, fitness center, and dining options. Check-in time is 4 p.m.

Eden Roc
A Renaissance Resort & Spa
4525 Collins Avenue, Miami Beach
Single: $255
Double: $255
Located on prime oceanfront property overlooking world-renowned Miami Beach and the spectacular intracoastal waterway, the Eden Roc Renaissance has been magnificently restored. From the beautifully carved Italian marble and mahogany reception desk to the highly polished original terrazzo floors, to the stunning grand circular lobby, the Eden Roc Renaissance welcomes guests with a gracious new contemporary spirit. Guests can enjoy a host of activities including the oceanfront spa, racquetball, squash and rock climbing wall and water sports. Check-in time is 3 p.m.

Wyndham Miami Beach Resort
4833 Collins Avenue, Miami Beach
Single: $185
Double: $185
Wyndham Miami Beach Resort’s restored art deco interior evokes images of Old Miami and the jet-set era when Sinatra and Gleason headlined. Well-appointed guest rooms provide you with plenty of comforts and thoughtful amenities like high-speed Internet access and floor-to-ceiling windows offering spectacular seaside views. Opportunities for dining and recreational beachfront and poolside activities will make for an enjoyable stay while in Miami Beach. Check-in time is 4 p.m.

Please note: Hotel room rates do not include state and local taxes, which are currently 13%.
Travel
January is peak season in Miami and we advise that you make your travel plans early. If you need assistance with your travel plans, call Odyssey Travel at 800-322-5289 in the United States, or 305-233-7723 from outside the United States.

Concierge Desk
A devoted concierge desk will be available throughout ISET for assistance with dinner and entertainment for the convenience of ISET attendees and their companions.

Registration
The ISET registration fee of $1,095 includes:

- Unlimited Access to All Scientific Sessions
- Special Sunday Featured Symposia
- Advanced Case Study Workshops
- Entry to Exhibit Hall
- Course Materials
- Exhibit Hall Opening Reception
- Admission to Innovators’ Forum
- Five Continental Breakfasts
- Four Lunches
- Coffee Breaks

To register, please complete and return the registration form provided or register online at www.ISET.org.

Cancellations
Cancellations received in writing up to December 20, 2004, will be refunded, less a $100 administrative fee. Cancellations received after December 20 will not be refunded.

ATTENDEE HOUSING REQUEST FORM

Fontainebleau Hilton Resort • Miami Beach, Florida
January 16-20, 2005

INDIVIDUAL RESERVATIONS

Complete this form or book online at www.ISET.org, Password: ISET2005
One form must be completed for each reservation. Online reservations must be entered one at a time.

If you would like to make reservations as a group, please contact the ISET Housing Bureau.

HOUSING PREFERENCES

List first, second, third and fourth choice hotels. If the hotel of your choice is filled, the Housing Bureau will make every attempt to assign your second or third choice. All hotels are within walking distance of the Fontainebleau Hilton and are located on the ocean-side of Collins Avenue with direct beach access.
