Homework 4		
Name:		
Section:		

1. Look at the data in Exercise 1 on page no 210-212. Do you see any relation between headedness (right-headed/left headed) and word order? Explain.

2. One of the goals of linguistics is to see how language is represented in the brain. Among files 3, 4, 5 and 6, which file, according to you, best describes the role of brain in language. Why? 3. With the help of a syntactic tree explain the ungrammaticality of the following sentence:

The television drank the water.

(hint: As in *Irving bakes*)

4. Is the following sentence (a) syntactically (b) semantically correct? Give reasons.

Colorless green ideas sleep furiously.
