Instructions

As you read chapter 7, write notes in the margin or on Post-it notes to answer the following four questions:

- What do you **Agree** with in the text?
- What do you **Argue** with in the text?
- What parts of the text do you want to **Aspire** to?
- What is a **question** that you have?

Select one quote/passage (the most meaningful of all you noted while reading) in the book for each of the 4 A's and note that on the 4 A's sheet. Be sure to note page numbers.

**Next week:** We will meet in groups.

Step 1: Each person in the group takes a turn sharing something they agreed with in the text, pointing to the location and evidence for their thinking.

Step 2: Continue this process by inviting each person to share their ideas relating to each of the remaining 4 A's.

Step 3: Whole Group Discussion: What have you learned about striving for quality in teacher inquiry by engaging in the 4 A's discussion? What does this mean for our work with inquiry?

(see page two)
